**'Outstanding Church School 2011'**

St Peters Parents

September 2011

Dear Parents

I am writing to welcome you and your child back to school. An especially warm welcome to our new children both in reception and spread throughout the school!

Last year was very successful for us at St Peters. Very good results at Key Stage 1, following a highly promising OFSTED earlier in the year. We even managed to get all children back into their classes by July!

There will be a focus again on standards of attainment. Whilst we have been pleased with results in all years, we can still achieve more. One priority will be in Maths. I would urge you to work even more closely with your child in Reading every night and assisting where necessary with homework. The evidence shows that children whose parents regularly read and work with them achieve much better in school. Please talk to your child's teacher if you need any advice or help in this area.

A second main focus for us will be to improve further our communication with you. If you have any ideas or suggestions, please contact myself, Nicky Darby or Kim Coombes. Governors, Nicky and myself will be meeting with you later this term to discuss how we might move our federation even further forward.

Meanwhile, thank you for your continued support for our local family school.

Yours sincerely

A handwritten signature in black ink that reads 'Ian Bradbury'. The signature is written in a cursive style with a long, sweeping tail on the final letter.

Ian Bradbury
